

Instructions

(Ask your grown up for help with this bit)

1. Cut out the shape and stick it onto a piece of card
2. Cut out the card to the same shape
3. Fold the card in half so that the frog is on one side and the table is on the other
4. Punch two holes. Thread the end of a rubber band through one hole and thread the other end through the loop to attach to the card. Repeat for the other hole

5. Hold the ends of the rubber bands, one in each hand
6. Ask your grown up to rotate the disc for you as you hold the rubber bands. The rubber bands will start to wind up
7. When your rubber bands are tightly twisted, ask your grown up to let go of the disc
8. See the frog appear on the table! Magic!

You'll need

- Scissors
- A4 piece of cardboard
- 2 elastic bands
- glue or tape

Always get an adult to help when using scissors.

Meet Jonathan
the best
(ummm WORST)
magician you've
ever seen!
